

Anti-GRINL1A autoantibodies

Acronyms	Glutamate receptor, ionotropic, N-methyl D-aspartate-like 1A
Gene	<i>POLR2M</i> (Synonym <i>GRINL1A</i>), Chromosome 15q21.3
Protein	DNA-directed RNA polymerase II subunit GRINL1A, DNA-directed RNA polymerase II subunit M, Glutamate receptor-like protein 1A; M _r 41,74 kDa (POCAP2)
see also	▶ Autoantibodies in glomerulopathies
Prevalence	IgA-nephropathy (M. Berger)
Literature	Woo SH, Sigdel TK, Dinh VT, Vu M, Sarwal MM, Lafayette RA: Mapping Novel Immunogenic Epitopes in IgA Nephropathy. Clin J Am Soc Nephrol (2014); (PMID: 25542908).
